Enquiries about Milk and its price

Dear Mr White

I work for "food company" located in Rome, we've been in the food business since 1950.

If you're interested in finding out more about us you can visit us on our web site here:
www.foodcompany.com

We've been informed about your company from Mr. Black of the "pizza company", he said that your milk was, and i quote, "one of the best. we're interested in knowing the nutritional values of your milk.

We're highly interested in your products, so besides the information about the nutritional value, we'd be very glad you to share with us your pricelist and your best offer for a potential order of 500 gallons FOB London

In case your conditions met our requirements, there could be a healthy development of our business relationship throughout a regular orders exchange during the time

For more information about our standing, please keep in contact with our Bank.... which can provide you more details accordingly

We look forward to receiving your reply

Best Regards

giovanni xxx

Commercial Manager
